

Physicians' Billing Office		
SECTION:	NON-PHYSICIAN PRACTITIONER BILLING	POLICY NUMBER: C205
POLICY TITLE:	NURSE PRACTITIONER BILLING	PAGE: 1 of 2
APPROVALS:	FPG B&F Committee: 04/12/2010 PBO: 04/12/2010	ISSUED: 02/01/2010 EFFECTIVE: 07/15/2010
SUPERSEDES: N/A		

PURPOSE:

1. To promote and ensure **compliance** with payor regulations regarding billing for services rendered by nurse practitioners (NP).
2. To improve the **efficiency** of PBO billing and collection processes.
3. To maximize **revenue** by collecting and reporting required billing data for proper adjudication of claims.
4. To maintain a fair and balanced **provider compensation** model based on billable and reimbursable services only.
5. To safeguard UCLA FPG **accounts receivable** from non-payable charges leading to increased Days Revenue Outstanding (DRO), lower Net Collection Rates, and other critical revenue cycle indicators.

POLICY:

1. Many local and national health plans, including governmental and private, allow nurse practitioners to bill for their services. However, this alone does not guarantee payment.

In order to be eligible for payment, NPs are required to comply with payor rules and regulations, such as:

- a) specific licensure, certification and/or credentialing requirements;
 - b) enrollment in payor provider database;
 - c) physician supervision and service documentation guidelines;
 - d) physician/practitioner interface requirements;
 - e) payors' policies regarding the patient's right to know the status of his/her provider (i.e. a physician vs. a non-physician practitioner).
2. PBO processes claims for services rendered by fully licensed and credentialed NPs as required by payor billing policies.
 3. PBO provides information regarding specific payor billing, credentialing and reimbursement policies to FPG providers and administrative leadership along with recommendations to optimize revenue and avoid denials.

APPLICABILITY:

This policy applies only to FPG PBO Customers.

MONITORING / ACCOUNTABILITY:

Each PBO billing unit must conduct frequent, regularly scheduled quality reviews to ensure adherence with this policy. Immediate corrective actions must be taken as necessary. These may include:

- a) Training and re-training of staff;
- b) Disciplinary actions;
- c) Escalating non-compliance to PBO director.

COGNIZANT OFFICE:

For interpretations of this policy, resolution of problems and special situations, contact:

Grace Barba
