

Physicians' Billing Office		
SECTION:	NON-PHYSICIAN PRACTITIONER BILLING	POLICY NUMBER: C207
POLICY TITLE:	CERTIFIED NURSE MIDWIFE BILLING	PAGE: 1 of 2
APPROVALS: FPG B&F Committee:	PBO: IN REVIEW	ISSUED: 06/01/2010 EFFECTIVE: TBD
SUPERSEDES: N/A		

PURPOSE:

1. To promote and ensure **compliance** with payor regulations regarding billing for services rendered by Certified Nurse Midwives (CNM).
2. To improve the **efficiency** of PBO billing and collection processes.
3. To maximize **revenue** by collecting and reporting required billing data for proper adjudication of claims.
4. To maintain a fair and balanced **provider compensation** model based on billable and reimbursable services only.
5. To safeguard UCLA FPG **accounts receivable** from non-payable charges leading to increased Days Revenue Outstanding (DRO), lower Net Collection Rates, and other critical revenue cycle indicators.

POLICY:

1. Many local and national health plans, including governmental and private, allow reimbursement for services provided by Certified Nurse Midwives.

In order to be eligible for payment, CNMs are required to comply with payor rules and regulations, such as:

- a) specific licensure, certification and/or credentialing requirements;
 - b) enrollment in payor provider database;
 - c) physician supervision and service documentation guidelines;
 - d) physician/practitioner interface requirements;
 - e) payors' policies regarding the patient's right to know the status of his/her provider (i.e. a physician vs. a non-physician practitioner).
2. PBO processes claims for services rendered by fully licensed and credentialed CNMs as required by payor billing policies.
 3. PBO provides information regarding specific payor billing, credentialing and reimbursement policies to FPG providers and administrative leadership along with recommendations to optimize revenue and avoid denials.
